

27 November 2009

To whom it may concern

In my capacity as principal of the New Zealand Equine Dentistry School it is my pleasure to provide this reference for Brad Whalan who studied Equine Dentistry with us between the 31 August 2009 and 27 November 2009.

I found Brad to be completely dedicated to the course and was particularly impressed with the accurate results he achieved in the practical aspects of equine dentistry while working with him. Brad has a nice relaxed manner with horses and this attitude will certainly assist him in dealing with both horses and clients.

I am confident that Brad will deliver a superior and professional service to his future clients and develop a successful business as an equine dental technician.

It has been a pleasure to teach Brad and I wish him the very best for the future.

Yours faithfully

Warwick Behrns EqDT / IAED / CA
